EXPERIENCE

● 2024-...
Final Cut for Real, Forbindelsesvej 7, København
Production company Intern

I am currently interning at the production company Final Cut for Real, where I handle a variety of tasks, ranging from administrative duties and document work to technical video shoots, system development, organization, equipment management, and creating basic websites.

● 2023-2024
European Film College in Ebeltoft
College Assistant

At the European Film College in Ebeltoft, I worked as a college assistant, which involved handling film equipment such as cameras, microphones, lenses, and lighting, as well as using specialized software for filmmaking. My role also included working with students, organizing events, and assisting with the management of the school.

● 2020-2022
Exhibition of Slava Polunin in Moscow
Exhibition Designer

I worked as a designer for Slava Polunin's exhibition. My responsibilities included decorating, painting, set dressing, lighting, building various exhibition elements, organizing the space, and woodworking.

● 2019-2020
Woodworking workshop
Carpenter and Woodworking Craftsman

In the workshop, I was involved in the creation of a wide range of wooden products, including furniture, design structures, and custom constructions. My responsibilities included building, designing, and carrying out all types of tasks related to woodworking, from crafting individual pieces to larger projects.

● 2015 -...
Film productions
I have been working in film the longest, participating in both fiction projects as well as various commercials and video shoots. I have worked in the camera, lighting, and sound departments, and continue to take on different projects whenever the opportunity arises.

IN ADDITION

I have a strong interest in everything related to software and various design and programming tools. I have some experience using HTML and CSS, mostly with the help of AI, and have tried working with C# during my time in college. I feel that this field currently holds the greatest interest for me, and I am eager to develop quickly and diligently in this direction.
